

# BAGAVATHY M

B.Tech Artificial Intelligence & Data Science Student  
bagavathysri1@gmail.com | LinkedIn | GitHub: Add your profile URL

---

## PROFILE

AI & Data Science student interested in Python, artificial intelligence, data-driven problem solving, and practical software development. Experienced in AI-assisted coding, debugging, rapid prototyping, and hackathon-based project development.

## EDUCATION

**B.Tech – Artificial Intelligence & Data Science** — Syed Ammal Engineering College | 2025–Present

Academic highlight: Semester 1 GPA – 9.25

## TECHNICAL SKILLS

**Programming:** Python, C | **Frontend:** HTML5, CSS3, JavaScript

**AI & Data:** NumPy, Pandas, Matplotlib, Scikit-learn, ML Fundamentals

**Backend:** Node.js, Django | **Database:** MySQL

**Tools:** Git, GitHub, VS Code | **Development:** AI-assisted coding, debugging, rapid prototyping, prompt engineering

## PROJECTS & HACKATHON EXPERIENCE

**PraatiPath / PM Internship Recommendation Engine** — SAEC Internal Hackathon 2026

- Role: Machine Learning Engineer, Team InnoPath AI.
- Prototype concept for AI-based internship recommendations using skills, interests, education, preferences, and eligibility.
- Focus areas: skill matching, recommendations, explainability, skill-gap identification, and micro-course mapping.

**MineGuard AI** — Smart India Hackathon (SIH) 2026 concept

- Mining-safety solution combining rover/system monitoring with a software dashboard for safety awareness and hazard alerts.

**Personal Portfolio Website**

- Responsive portfolio showcasing projects, skills, hackathons, experience, certifications, resume, and contact information.

## EXPERIENCE & ACTIVITIES

- Participated in college-level hackathon activities and presented software/project prototypes.
- Participated in a one-day AR (Augmented Reality) workshop and completed the associated task.
- Continuously building practical projects and strengthening AI/software engineering skills.

## CERTIFICATIONS / COURSES

Course and certificate details can be added as completed courses become available. The portfolio includes a dedicated Courses & Certificates upload section.

## CAREER INTERESTS

Artificial Intelligence • Machine Learning • Data Science • AI/Software Engineering • Full-Stack Development • Practical AI Applications
